New Topics and Priorities

-2-

The Commission considered Memorandum 2020-52 and its First Supplement,

which discuss the Commission's current workload, the new topic suggestions

- received in 2020, proposed work priorities for 2021, and proposed changes to the
- 2 Commission's resolution of authority.

- The Commission approved the following work priorities for 2021, as recommended by the staff:
 - Manage the 2021 legislative program as described on pages 40-41 of Memorandum 2020-52.
 - Continue to work on any of the candidates for the 2021 legislative program that are not completed in time for introduction in 2021.
 - Continue the study on recodification of toxic substance statutes.
 - Continue the study of state and local agency access to customer information from communications service providers.
 - Continue the study on fish and game law.
 - Continue the study on trial court restructuring.
 - Continue the study on use of the Uniform TOD Security Registration Act to transfer a share of ownership in a stock cooperative.
 - Possibly begin a modest new study, on a low priority basis, such as the study on transfer of use-restricted property at death or the study on presumptively disqualified fiduciaries.
 - Study one or more technical or minor substantive issues on a lowpriority basis, if time permits (probably as a student project).
- The Commission also asked the staff to prepare two memoranda for consideration at a future meeting:
 - (1) A memorandum that discusses the Commission's existing scope of authority, the process of obtaining additional authority, and related matters.
 - (2) A memorandum that further explores the possibility of studying the State Authorization Reciprocity Agreement ("SARA") or other means of promoting reciprocity between California and other states with regard to online learning at institutions of higher education. The memorandum should include proposed language on this point for possible inclusion in next year's resolution on the Commission's Calendar of Topics.

2020 LEGISLATIVE PROGRAM

- The Commission considered Memorandum 2020-53, which discusses the Commission's 2020 Legislative Program.
- The staff noted that the Executive Director had made an error in drafting Assembly Concurrent Resolution 173 (Gallagher), which led to the unintended

- 1 deletion of the Commission's authority to prepare a nonsubstantive
- 2 recodification of the California Public Records Act. As the Commission has
- 3 completed its work under that authority, with the exception of minor technical
- 4 adjustments that could be made pursuant to Government Code Section 8298, the
- 5 Commission decided against taking any step to reintroduce the deleted
- 6 authority.

- 7 STUDY G-300 STATE AND LOCAL AGENCY ACCESS TO CUSTOMER INFORMATION
- 8 FROM COMMUNICATION SERVICE PROVIDERS
- 9 The Commission considered Memorandum 2020-54 and its First and Second 10 Supplements, and Memorandum 2020-55, which discuss the following aspects of
- 11 government access to electronic communications, respectively:
- 12 (1) Minimizing the interception of privileged communications.
- 13 (2) Use of an administrative subpoena.
- 14 The Commission made the decisions stated below.

Minimizing the Interception of Privileged Communications

- The Commission will continue to work on this topic. As an aid to that study,
- 17 the staff will request that the Los Angeles District Attorney's office provide a
- written description of the process that it follows to minimize the interception of
- 19 privileged electronic communications.

20 Use of an Administrative Subpoena

- The Commission will continue to work on this topic.
- 22 STUDY J-1406.1 STATUTES MADE OBSOLETE BY TRIAL COURT RESTRUCTURING
- 23 (PART 7): COMPLETION OF STUDIES UNDER GOVERNMENT CODE SECTION 70219
- 24 The Commission considered Memorandum 2020-46, which presents a draft
- 25 recommendation on Trial Court Restructuring Clean-Up: Completion of Studies
- 26 Under Government Code Section 70219. The Commission decided to make the
- 27 following revision to that draft:
- Footnote 14 should include a citation to CLRC Memorandum
- 29 2010-40, which explains that the enactment of legislation on
- expedited jury trials followed from the study of jurisdictional limits that the Judicial Council and the Commission conducted pursuant
- to Government Code Section 70219.

Subject to that revision, the Commission approved the draft as a final recommendation, for publication and submission to the Legislature and the Governor.

20 21 The Commission considered Memorandum 2020-56, which discusses the adaptation of the Uniform TOD Security Registration Act (Probate Code Sections 5500-5512) to allow a nonprobate transfer of an owner's interest in a stock cooperative.

The Commission decided that the proposed law should parallel the revocable transfer on death deed statute, on the following points:

- The proposed law should require the use of a mandatory statutory form that would be limited to a single type of transfer equal division between named beneficiaries with no lineal descent in the event that a beneficiary predeceases the transferor.
- The proposed law should provide two ways to revoke a transfer on death designation for an interest in a stock cooperative, either the execution of a statutory form or the execution of a subsequent designation for the same property.
- The proposed law should require that a transferor have the capacity to contract, rather than testamentary capacity.
